

~~Ocean Club Waterfront Condominiums coming soon to Etobicoke~~

~~BuzzBuzzHome Corp.~~

September 15th, 2010

Who doesn't like lakeside living? Great views, the calming nature of the water, scenic walking trails?

Soon, ~~Ocean Club Waterfront Condominiums~~ [map] will offer one of the last few opportunities to own a new condo suite on Etobicoke's waterfront.

Promising four-season vacation-style living, the main draws of this ~~Graywood Developments Ltd.~~ (the same team behind the ~~Ritz-Carlton~~) and ~~Beaverhall Homes~~ development would have to be the amazing city views and the fact that it can be used as a place to get away from the downtown scene while also having a plethora of amenities at your doorstep.

The Martin Goodman Trail can be used for a relaxing walk and also allows access to marinas, sailing clubs, shops, restaurants and more.

Some of the cities best and brightest are on board with Page + Steele/IBI Group Architects and Tomas Pearce Interior Design Consulting Inc. taking the reins on the design features.

Both developers behind the project are renowned for designing buildings that enhance their surroundings and we're sure that the ~~Ocean Club~~ will not disappoint!

Ocean Club are accepting registries - visit www.oceanclubcondos.com or call 416-255-4663 for more info.
