## **Ocean Club: Are you ready to join the Club?**

November 7, 2010

Nestled in the Humber Bay Shores and Mimico Beach area is Ocean Club, a new development coming soon by Graywood Developments and Beaverhall Homes. With all the conveniences of the city and stunning lake views, Ocean Club will be a high-end addition to the Etobicoke lakefront area.

Ocean Club Condominiums will consist of one 8-storey building and one 37-storey building, both featuring stunning glass architecture with chic design lobbies that offer a majestic first impression. Located at 2157 Lake Shore West along the waterfront of Lake Ontario, Ocean Club will house 460 new condominium homes. Suite sizes range from a 390 square foot studio to 1,470 square foot two-bedroom.

Inspired by resort style living and brought to life by Thomas Pearce Interior Design, Ocean Club will house fabulous indoor lifestyle amenities for residents who want to relax or be active. The waterfront serves as not just the backdrop, but also the model for the design. Inspired by the nautical location, the indoor swimming pool will feature two separate walkouts to decks that overlook outdoor green spaces. Also included will be a fitness centre, party room and movie screening room. Within walking distance is the Martin Goodman trail, where residents can exercise and surround themselves with nature. The lake, shops and restaurants are also all in close proximity and they are easily accessible.

Prices will start in the low \$200,000's.
